The Story of our Butcher

John Henderson Butchers was started back in 1934, when Andrew and David's grandfather was sent to Kirkcaldy, Fife by his brother (John) to open a butchers shop in the High Street. John owned and ran a successful chain of butcher shops in Glasgow and felt his younger brother was able to manage his first shop. Grandfather bought the shop from his brother and went on to run one of the busiest and most successful shops in Scotland. Indeed Grandfather set the foundation for our continued commitment to quality products. To this day there are many recipes which remain as Grandfather devised them. A true testament to a quality product!

We are a business dedicated to sourcing and supplying the best quality fresh meat with complete traceability for peace of mind. All our beef is Scotch beef, the majority comes from the North of Scotland in particular the Black Isle where farming is as natural as possible, using traditional breeds. Our lambs are Scotch Lamb, traditional breeds and our fresh pork comes from a number of regular Scottish farms including some rare breed pork.

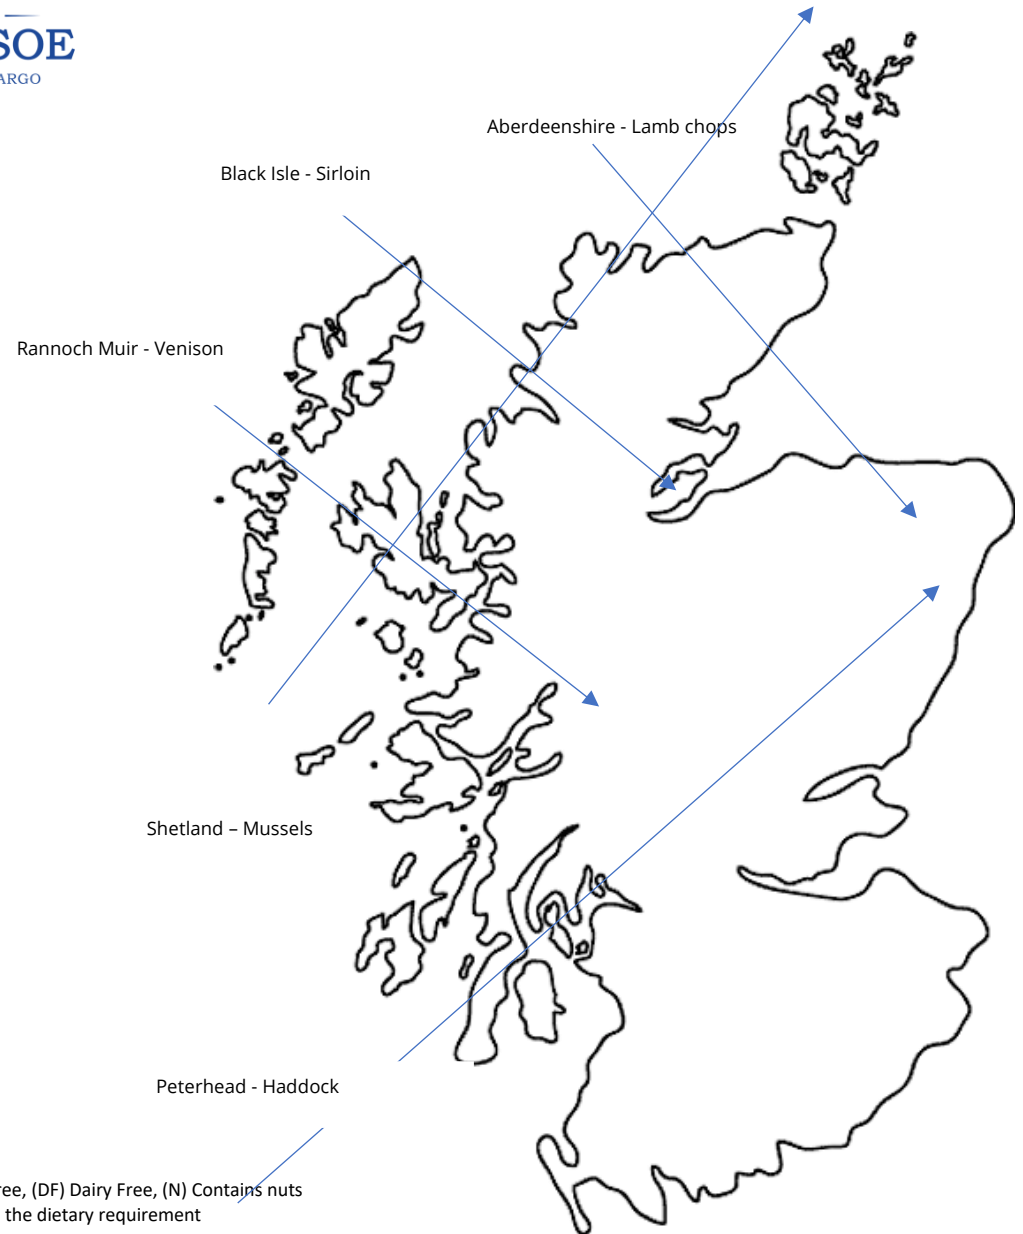

After three generations, David Henderson grandsons' commitment to quality at every stage from sourcing to maturation to preparation and cutting, has been rewarded with a number of awards won by the company.

The Story of our Fishmonger

G & J Wilson Ltd was founded in 1986 and has been run by the Wilson family since then, with one Wilson continuing to produce the freshest of seafood in the area. James has been with G & J Wilson Ltd for over 33 years, starting out when he was just 18.

Over the years the business has grown, supplying a huge number of businesses across Fife. James has pushed himself and his thriving business beyond the expected to ensure only the best for his loyal customers. You can also find his wife, Wendy, also a qualified professional in the fishing industry. She is now in charge of the ever busy office and shop.

Recently, they have been recognised for producing the most delicious hot smoked products that are smoked in their kilns, on their premises daily. Salmon, Mackerel, kippers, trout and mussels are all cured in Wilson's *own secret recipe* then smoked to achieve a scrumptious and flavoursome smoked product.
